The Act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by titles, with the exception of classical music, collections having general titles, such as "Fünf studien," "12 études élémentaires," etc., and music the title of which is the name of a class without differentiating word (e. g., "Waltz," "Étude," etc.), which are arranged under the name of the composer instead of the title.

Under the Act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©" implies copyright registration of a published composition, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy, and "2 c." for 2 copies, followed by the date of their receipt.

A list of all the copyright renewals and extensions made for musical compositions since July 1, 1909, will be found immediately following the text.

A list of the musical compositions and dramatico-musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under Sec. 1 (e) of the Act of March 4, 1909, will be found at the end of this issue, just prior to the index.

Each issue has an index to composers. This number contains a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1.50 for the year 1909, and $1.00 for the year 1910, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.
